

## Pacific Coast Chapter DMAC Newsletter for March 2019

On Wednesday April 24<sup>rd</sup> we'll begin our second day of touring with a trip to the foothills of the Sierra Nevada at the edge of the San Joaquin Valley where we'll drive to a tiny 110 year old Post Office located in the village of Kaweah. We'll be greeted by its Postmistress and crew so remember to bring something to mail.

From there our next stop will be the town of Three Rivers where we'll have lunch at the River View Restaurant overlooking the Kaweah River. The river actually flows right under our tables! But wait there's more, after lunch

we'll go next door to Reimer's Candies for homemade chocolate and ice cream. Did I mention this could be a high calorie tour? Don't worry, someone once told me vacation calories don't count anyway.

From the foothills we'll travel down into the valley and over to a town founded in the 1870s by Swedish settlers named Kingsburg. It's nickname is "Little Sweden" where most retail businesses are designed after Swedish architecture. When we get into town look for the Kingsburg water tower, it is shaped like an antique Swedish coffee pot. Our destination will be the restored Santa Fe train station where the docents' will give us a tour and afterwards we'll stage a photo shot. But before we head back to our hotel, we'll drive over to the Ramos Torres Winery where normally closed during the week, they will open their doors just for our group.

Make sure the battery in your camera is fully charged!
